ASSOCIATION OF REGIONAL BANKS OF RUSSIA
(Association "RUSSIA")

Was established on December 13, 1990
Unites 400 banks

The priority of the Association in the medium term is to promote:

- Ensuring of Russian banking system systemic stability;
- Improving of legal environment, including banking legislation development and the creation of other conditions that will provide opportunities for effective business practices and more efficient protection of creditors' rights;
- Expansion of territorial and social accessibility of financial services to the public;
- Development of modern financial infrastructure, laying the basis for creating of an international financial center in Russia;
- Increasing competitiveness of Russian banking sector and development of effective competition in bank services market;
- Corporate governance quality improving and risk management in credit institutions.

**(From the Core Activities of the
Association "Russia", adopted at the XXVI
Annual Meeting of the Association on May 20, 2011)**
